

What's under your tree?™
THE
Christmas Tree
STAND MAT™

Introducing The Christmas Tree Stand Mat™!

This brand new product by DiversiTech is designed to protect hardwood floors and carpets from spilled live tree stand water and resulting stains as well as hardwood floor scratches associated with trimming the tree during the holiday season. The reversible red and green mat can be used with real or artificial trees and may be used with or without the traditional tree skirt.

Composed of two non-woven fiber materials separated by a patented barrier media, the durable 30" round Christmas Tree Stand Mat™ is lightweight and can be easily cleaned.

Proudly manufactured in the USA by the manufacturers of The "Original" Grill Pad® and The Gas Grill Splatter Mat™.

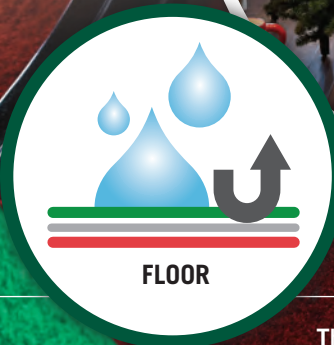

PRODUCT DETAILS

- 30 inches round
- Prevents soak-through and scratches
- Reversible red and green
- Easily Stored
- Durable and Long Lasting

Excessive overfill may result in over saturation of The Christmas Tree Stand Mat™.

Label

This flexible pad is composed of two non-woven fiber materials, separated by a patented barrier media that protects surfaces from scratches and water damage.
